

Safe Conduct Guidelines
to enable Christ Church to be open for
private prayer

1. Sanitise your hands before both entering and leaving the building.

Hand sanitiser is available both in the porch and inside the church, but some people may prefer to bring their own.

2. Keep 2m social distance

We do not anticipate heavy footfall, so this should be straightforward in a large building

3. Sign in on the visitor log

This is for 'track and trace' purposes. It's best to use your own pen if you have one. Write your name clearly.

4. Take an "I sat here" card and leave it in the place you sat.

This will enable the area to be thoroughly cleaned. Obviously do not sit close by one of these cards.

5. Don't touch anything that isn't essential.

Books, leaflets, cards etc are not available for use, as they can easily be carriers of disease. Sadly, the Mothers' Union cards will not be available.

Jesus healing people, with the disciples and crowds around him
